My daughter is a recent transfer to Olympian High School. At the orientation, I was impressed at all that your school offers and feel that our ability to transfer her to Olympian High is an immense blessing.

I would like to run for one of the seats available for the SSC. I have been involved in numerous fund raisers for Pilgrim Lutheran School; youngest child attends here. I am a chaperone for National Youth Gathering, 2013 and 2016. ### **Kesha Pressley**

I'm a retired veteran and stay at home mom of two children. I have one daughter in H.S. at Olympian and one at Thurgood Marshall Elementary. I've always been active at my children's schools and I've served on SSC when my oldest was in elementary.

Since my 10th grader began school, I've followed her through her academic years and have made sure I remained in the loop when it came to her school activities, teachers, and peers. It's very important to me as a parent to be there to support both of my children in any way that I can. I feel that a parent's involvement is crucial to their child's success. Not many parents are able to be as available as I am and it's something I do not take for granted. I would like to be on the SSC at my daughter's school once again as this is her final stretch in school. In three years she will be a graduate, heading towards college. I wish to accompany her along that final stretch. I want to help make her last three years the best years I possibly can by directly involving myself in the policies, and decisions that affect and influence her education.

OHS SSC Nomination

SY2014-2015 and SY2015-2016

Ed Vicedo – I am seeking your support for a term as a Parent Representative on the Olympian HS School Site Council. I have been a committed OHS parent volunteer for the last six years who has previously served on the SSC, the Parent Teacher Student Organization (PTSO) Executive Board, and with the Academic Decathlon/League Booster Club. I want to continue to collaborate with other stakeholders to deliver on the School's Site Plan and ensure all Olympian students are not only prepared to graduate but succeed at a four year college or university. Through targeted programs, resources, technologies, and learning strategies we're building a highly engaged academic achievement culture among our OHS teachers, students, counselors, staff, administrators, and parents. With your support, I hope to continue to be a strong parent advocate that balances the many needs and priorities across the diverse and talented student population.

Personally, my wife Rowena and I have two sons – Dean, a current Junior 2016 Olympian and a previous 2012 Eagle graduate, Alec who is in his third year at UCSD's Revelle College. Professionally, I am an Information Technology Quality Program Lead for a major financial services company. My volunteer spirit originated when my sons were in primary school and extends to youth competitive sports as well as religious, cultural, and political organizations.

I thank you for your consideration and welcome your support of my nomination to join the Olympian HS School Site Council for 2014-2016.
